Translator stations like K-LOVE serves my commmunity by lifting us up and encouraging us to continue our walk with God. If K-LOVE and other stations like K-LOVE were taken off the air that would force us to look for non-traditional radio sources like XM and Sirus Satelite stations. By keeping K-Love and others like K-LOVE on the air, you are allowing them to continue to serve the public through uplifting music that the whole family can listen to and through daily words of encouragement.
